Rider Safety Requirements

- Many rides at Kings Dominion are dynamic and thrilling. There are inherent risks in riding any amusement ride. For your protection each ride is rated for its special features, such as high speed, steep drops, sharp turns or other dynamic forces. If you choose to ride, you accept all of these risks. Restrictions for guests of extreme size (height or weight) are posted at certain rides. Participate responsibly. You should be in good health to ride safely. You know your physical limitations, Kings Dominion does not. If you suspect your health could be at risk for any reason, or you could aggravate a pre-existing condition of any kind, DO NOT RIDE!
- Guests with a history of recent surgery, heart-trouble/high blood pressure, neck trouble, who are pregnant or any other condition that may be aggravated by riding should heed all warning signs at each ride entrance.
- All passenger restraint systems, including lap bars, shoulder harnesses and seat belts, must be positioned, fastened properly and tightened securely to allow guests to ride. Please try our test seats at the ride entrances of Drop Tower, Crypt, Delirium, Dominator, Twisted Timbers and Intimidator® 305 prior to waiting in line.
- Most rides cannot accommodate loose articles including cell phones, pagers, hats, cameras, stuffed animals, purses, backpacks, umbrellas, beverage containers, personal entertainment devices, etc. Items must be safely secured in cargo pockets, a waist pack, left in a locker, placed in an article bin at the ride location or left with a non-rider. Ride operators are not responsible for these items. Please note: loose articles are not permitted in the Twisted Timbers ride queue.
- Virginia state law requires riders to obey all warnings and directions and behave in a manner that will not cause or contribute to injuring themselves or others. Riders shall report all injuries before leaving.
