### Rider Safety Information

Many rides at Kings Dominion are dynamic and thrilling. There are inherent risks in riding any amusement ride. For your protection each ride is rated for its special features, such as high speed, steep drops, sharp turns or other dynamic forces. If you choose to ride, you accept all of these risks. Restrictions for guests of extreme size (height or weight) are posted at certain rides. Participate responsibly. You should be in good health to ride safely. You know your physical limitations, Kings Dominion does not. If you suspect your health could be at risk for any reason, or you could aggravate a pre-existing condition of any kind, **DO NOT RIDE!**

Guests with a history of recent surgery, heart trouble, high blood pressure, neck trouble, who are pregnant or any other condition that may be aggravated by riding should heed all warning signs at each ride entrance.

All passenger restraint systems, including lap bars, shoulder harnesses and seat belts, must be positioned, fastened properly and tightened securely to allow guests to ride. Please try our test seats at the ride entrances of Delirium and Dominator prior to waiting in line.

Most rides cannot accommodate loose articles including cell phones, hats, cameras, purses, stuffed animals, backpacks, umbrellas, beverage containers, personal entertainment devices, etc. Items must be safely secured in cargo pockets, a waist pack, left in a locker, placed in an article bin at the ride location or left with a non-rider. Ride operators are not responsible for these items.

Supervise children at all times. A guest's height is an important safety factor on many rides and attractions. Children may be measured and receive a wristband, if qualified, at the Height Measuring Stations located on International Street. For the safety of your child, a standard play shoe which does not contribute excessively to the child's height is required. Kings Dominion reserves the right to ask that shoes be removed to ensure that a child's height is not being artificially enhanced or manipulated.

Virginia state law requires riders to obey all warnings and directions and behave in a manner that will not cause or contribute to injuring themselves or others. Riders shall report all injuries before leaving.

Operating schedules for rides & shows are subject to change or cancellation without notice. The use of camera phones, video recording devices or still photography cameras are prohibited in all restrooms & on all rides.
